

## **Elite Small Group Training from Breakaway Hockey Guaranteed Individual Attention! Breakaway Training Center at the Victoria Field House**

This camp is designed for players looking to make significant improvement in their individual hockey skills. Intense on-ice and off-ice sessions will elevate each player's skill level. 7 weeks of consistent training will guarantee that hockey skills will be developed.

Breakaway Hockey Camps have developed a reputation for great instruction and individual attention for the athlete. Our goal is for each player to reach their potential. We expect the same from the athletes as we do from ourselves: hard work, commitment, and discipline in a fun enthusiastic environment.

- \*Improve skating stride!
- \*Work on checking and body contact drills.
- \*Develop coordination, agility, speed, and strength during the 14 hours of dry land training.
- \*Players will develop a variety of on ice skills. Learn scoring techniques, over speed skating, stick handling skills, and skating edgework!
- \* Increase their ability to shoot the puck with power and accuracy.
- \*Work on Game Situation drills. Learn to protect the puck, learn defensive techniques to create turnovers, create scoring chances and score more goals.
